STATEMENT OF REASONS FOR ALLOWANCE

Response to Arguments

Applicant's arguments, see amendments, filed 12/7/2005, with respect to the instant application reducing, but not sealing the gap between the stay vane and the complementary component (page 13, bold paragraph 2) have been fully considered and are persuasive. The Horvath et al. (U.S. Patent 6,045,325) reference shows the seal (90) is wedged between the two components so that it deforms from the shape of a circle to the shape of a crescent. The rejections of claims 1-2,7-9,11,13-14,19-20,23,25-26,29,32-33,35 and 37 have been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance"
